TOWN WARRANT

[L. S.]

To the Inhabitants of the Town of Barnstead in the County of Belknap in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at The Town House in said Barnstead on Tuesday, the ninth day of March, next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To see if the town will vote to elect one road agent instead of four.

4. To see if the town will vote to allow a discount of three per cent on property taxes paid on or before the first Saturday of July 1937.

5. To see if the town will vote to authorize the selectmen to borrow money in anticipation of taxes.

6. To see if the town will vote to accept state aid construction or state aid on class V maintenance and raise money for same.

7. To see if the town will vote to buy a truck plow (by request).

8. To see if the town will vote to raise and appropriate the sum of \$58.00 to the Lakes Region Association of New Hampshire for the issuance and distribution of printed matter calling attention to the resources and natural advantages of the town in cooperation with other towns in the Lakes region.

9. To see if the town will vote to raise and appropriate the sum of \$800.00 for the purchase of the Seward's Mill property and lot for W. P. A. project.

SELECTMEN'S REPORT

Serial notes outstanding for 1937 are \$19,000. A temporary loan of \$1000 on account of taxable property bought by Town amounting to \$4,075.42.

On account of the flood in the Spring of 1936 the town highways and bridges received an estimated damage of approximately \$10,000. \$2,062.05 was expended by the town for emergency repairs and was reimbursed by the State. The State paid for all gravel, operators on the tractor and grader used on these damaged roads, also restored all the bridges that were carried away and repaired those that were damaged, eight in all. This does not include the filling in of street in the Center and restoring a good reliable drain for same.

The Town, in addition to this help from the State, received from the W. P. A. grading of damaged highways to the amount of \$2900. The Government also shared a part of the expense on the bridges with the State.

The Selectmen feel very grateful to both the Government and the State for this assistance and wish to thank all of the officials for their cooperation with us in helping to lift this heavy burden.

In addition to all this we had the money from the State for the Province Road and the T. R. A. The T. R. A. money has not all been used, we are to have the balance this coming Spring.

The tractor has cost the town \$3,943.31. About \$1200 was for new parts. Not having any snow this winter has helped to reduce this expense over last year.

The net debt for the Town has been reduced this year from \$22,284.64 to \$16,432.68, making a difference of \$5,851.96.

State and county tax was about \$72.20 less than last year.

The Town took deeds of six pieces of property in 1935 and they have all been sold except a small parcel of land near the Gilmanton line. Nearly all of these places have been sold to the mortgagee, the owner or his family.

INVENTORY OF TOWN

Land and buildings	\$528,725.00
Electric line	24,044.00
73 Horses	5,870.00

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

*To the Inhabitants of the School District in the Town of
Barnstead qualified to vote in district affairs:*

You are hereby notified to meet at the Town Hall in said district on the twentieth day of March, 1937, at two o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the school board in its annual report.
9. To see if the district will vote to authorize the school

board to sell any or all of the following schoolhouses: Berry, Bickford, Dennett, so-called.

10. To see if the district will vote to authorize the school board to insure against loss by fire any or all of the school-houses.

11. To transact any other business that may legally come before said meeting.

Given under our hands at said Barnstead this 16th day of February, 1937.

CHESTER W. CHANDLER,
CORAN K. DAVIS,
LINN M. DENNETT,

School Board

CHESTER W. CHANDLER,
C. K. DAVIS,
LINN M. DENNETT

Barnstead, N. H.

February 8, 1937

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Barnstead School Board and Citizens:

This report will be given in seven parts as follows.

Part. I. Educational Policy.

Part II. Progress in Administration and Organization.

- (a) Pupil Record System.
- (b) Report Cards.

Part III. Instruction.

- (a) Teachers.
- (b) Textbooks.
- (c) Eighth Grade Tests.

Part IV. Finance.

Part V. The School Plant.

Part VI Child Accounting and Statistics.

- (a) Promotion to High School.
- (b) High School Pupils.
- (c) Roll of Honor for Attendance.
- (d) Statistics for the School Year Ending June, 1936.
- (e) Census, September 30, 1936.

Part VII. Report of School Health Work

PART I. EDUCATIONAL POLICY

It has been the policy of your superintendent to raise as rapidly as possible the standards of the schools under his supervision to that point that is generally accepted by mod-

ern schools as attainable and desirable. By the use of modern standard tests it is now possible to measure quite accurately the achievement of pupils in all of the fundamental subjects; reading, arithmetic, spelling, geography, history, language usage, literature, and physiology. By using such test as much as time will permit the pupils' progress in these subjects have been kept track of, weaknesses isolated, and strengths discovered. Thus each pupil is treated as an individual and helped with his personal problems.

But the teaching of reading, 'riting, and 'rithmetic is not the whole story. The boys and girls who are attending the schools must be developed into law-abiding, self-governing, cooperative citizens. This is a task where the steps of progress are far more difficult to measure. In this regard we assume that a child in school, who makes improvements in his attitude toward his fellow pupils and his teachers and in his habits of conduct in his association with them, is headed in the right direction along the path of respectful citizenship. Experience has shown that children can be happy and their hours in the school as well as in the home can be full of joyous living if they will but open their minds and allow that truth to but touch their souls. Your superintendent and teachers are employed to do what they can do to lead the young lives under their guidance into worthy citizenship and it is their sincere desire to meet that great obligation. The school is a social group in which each individual has his rights but it is the teacher's duty to insist that a pupil's assertion of his rights does not detract from the rights of others. It is the teacher's duty to insist that each child in the school shall act cooperatively with the rest of the group for if he does not act with them, he will act against them, and that cannot be permitted any more in the school than in the adult community.

PART II. PROGRESS IN ADMINISTRATION AND ORGANIZATION

(a) *Pupil Record System*

A famous doctor once said that when he was called to the bedside of a sick person it was as necessary for him to know

who had the disease as it was for him to know what disease the patient had, meaning that diseases do not work the same on different individuals. In the same way it is necessary for teachers and superintendent to know as much as possible about each individual pupil. In order to meet this need there has been established throughout this supervisory union a very complete pupil record system. Complete reports of the scholastic progress of the pupils are made regularly by the teachers to the superintendent's office, also the admission or discharge of any pupil is reported promptly by the teacher to the superintendent. On each pupil's permanent record card there is recorded in addition to his regular subject marks the results of the standard achievement and intelligence tests he has taken. There are two copies of each said record card; one in the superintendent's office, and one in the classroom where the child is in attendance. This detailed information, always at hand for reference by the superintendent and by the teacher, enables them to better understand each individual pupil and for that reason makes them more able to help each pupil with his individual problems.

(b) Report Cards

Closely tying in with the permanent record system is the system of regular reports made to the parents. After a careful study of modern practices regarding the use of report cards a new form was adopted for use in the fall of 1935. These cards carry to the parents not only the pupil's traditional marks on the usual subjects but also the teacher's opinion of the way the pupil is getting along as a citizen of the school. Many favorable comments have been received from parents about this new report card.

PART III. INSTRUCTION

(a) Teachers

No vacancies occurred in the teaching force during the year. Before the beginning of the fall term in 1936 three changes had taken place: (1) Olive Ames had accepted a position in

Rochester, N. H., in the eighth grade; (2) Alma Lakeman had accepted a position in Alton to teach grades one and two, and (3) Doris Barnes was transferred from the Beauty Hill School to the Parade School. Miss Ruth A. Hussey of Greenland, N. H., a graduate of Keene Normal School, replacing her. The following is a list of the teachers for the present school year:

<i>Teacher</i>	<i>Position</i>	<i>Sal. Enroll.</i>	
Doris M. Barnes	Parade	\$1,000.	30
Merial A. Smith	Center, Prin., Gr. 5-8	1050.	24
Bertha A. Royce	Center, Grades 1-4	925.	27
Elizabeth A. Robinson	South	900.	16
Alice L. Powers	Shackford's Corner	800.	13
Ruth A. Hussey	Beauty Hill	800.	17
		127	

(b) *Textbooks*

Last year in my report I spoke of the plan which has been initiated "to provide in the primary grades reading practice with a vocabulary so chosen that children will be led gradually into an understanding of the words and terms necessary for satisfactory progress in the various subjects." Definite progress has been made in carrying forward this plan. Extension readers in health have been adopted for use in the third grade, in art in grades one, two and three and in social science in the first grade. The two sets of social science readers, one a primer and the other a first reader, that have been adopted for the use of the first grade are designed to extend the pupil's vocabulary into the field of social relations and to give them an understanding of the simple social concepts. Through instruction tying up with these books these little folks are learning a better appreciation of the family relationships, the responsibilities of parents and children in the home and the duties of the home circle as well as the service ren-

dered to the individuals in the community by such people as the mailman, grocery man, farmer, iceman, garage man, and many others.

(c) *Eighth Grade Tests*

Standardized general achievement tests were again given in June to the eighth grade. Of the eight pupils taking the test five were above standard and only one was much below standard. Three of the eight did as well as is normally expected of freshmen in high school. All eight pupils entered high school last fall but at the present time two of them dropped out of school.

PART IV. FINANCE

The expenditures of the past year have been held as low as is consistent with educational needs. Because state aid could no longer be received for two teachers at the Parade, this year all pupils are being taught by one teacher. Since early in December thirty pupils have been enrolled and there is room for only twenty-eight desks, so that two pupils are compelled to sit at a table. The existence of this condition cannot be permitted for long. For this reason the estimated budget for next year has been so prepared as to provide for two teachers here if conditions so require. In spite of this extra provision in the budget the total appropriation being asked for is only \$80.93 more than was raised last year. The following list of appropriations for the past fifteen years together with the proposed appropriation for this spring may be of interest to many:

1922	\$8,425.23	1930	\$8,998.00
1923	8,926.44	1931	9,273.00
1924	9,370.41	1932	8,261.00
1925	8,592.06	1933	8,825.00
1926	9,200.00	1934	9,197.33
1927	8,700.00	1935	9,085.71
1928	8,966.00	1936	8,189.74
1929	9,376.00	1937 Proposed	8,270.67

PART V. SCHOOL PLANT

One major improvement to the school plant in Barnstead has been made during the past year, of which the people of Barnstead may be justly proud. This is the installation of modern septic toilets in the remodeled front entries of the Center schoolhouse. The partitions in the front hall were removed and in each of the two front corners of the building there have been installed a toilet room with two stools, so that now there are two stools for boys and two for girls. The seepage from the two septic tanks drains into a common cess-pool which was built several feet from the school building.

The old chemical toilets installed at the Beauty Hill School about thirteen years ago have so rusted out that they should be replaced next summer.

The Shackford's Corner School is still in need of two major improvements: (1) satisfactory toilet facilities, and (2) the replacement of the old box stove by a modern ventilating heater.

PART V. CHILD ACCOUNTING AND STATISTICS

(a) Promotions to High School

The following eight pupils have received certificates of admission to high school in June: Roland Bunker, Margaret Golden, Dorothy Gray Vilma Knirsch, Harvey Locke, Walter Swain, Paul Tasker, and Dean Whittier.

(b) High School Pupils

Thirty-four Barnstead tuition pupils as compared with thirty-five last year and forty-one the year before were enrolled in secondary schools last fall as follows:

Alton High School: Elizabeth Boyd, Robert Carr, Mathias Fowler, Louise Fowler, Richard Kardinal, Fred Hillsgrove, and Virginia Prescott.

Pittsfield High School: Roland Bunker, Elizabeth Clark, Ella Dame, Margaret Davis, Oliver Dennett, Ellena Foss, Norman Foss, Mary Garland, Margaret Golden, Paul Golden,

Beulah Gray, Dorothy Gray, Frank Gray, Velna Gray, Lloyd Hanson, Alfred Jenisch, Felix Jenisch, Harold Kidder, Lloyd Kidder, Vilma Knirsch, Harvey Locke, Donald Otis, Beverly Smart, Walter Swain, Leonard Tasker, Paul Tasker, and Dean Whittier. Of these thirty-four pupils three have already left school.

(c) *Roll of Honor for Attendance*

The following eleven pupils, as compared with fourteen last year, were neither absent nor tardy during the school year ending June 30, 1936; J. Henry Cotton, (4) Ernest Davis, (2) Lucille Davis, Marguerite Davis, (2) William Davis, Alma Heywood, Warren Heywood, Fay Hillsgrove, Reinhold Knirsch, (2) Marjorie MacPherson, and (2) Marilyn Parkey.

A figure before a pupil's name indicates the number of consecutive years he has had perfect attendance.

(d) *Statistics for the Year Ending June 30, 1936*

Number of pupils registered	127.
Average number of half-days schools were in session	* (352.38) 351.7
Average membership	116.3
Average attendance	110.76
Aggregate number half days all pupils were in school	38,955.
Per cent of attendance	(94.75) 95.24
Average number of half days each pupil was in school	(334.82) 334.95
Pupils not absent nor tardy	11.
Cases of tardiness	152
Average number of tardinesses per pupil ..	(.91) 1.31
Non-resident pupils	2
Pupils transported at district expense	12
Visits by superintendent	92
Average number of visits by superintendent per teacher	13.14
Visits by citizens	268

Visits by school board members	12
Meetings of School Board	11
Number of pupils promoted	105
Number not promoted	9
Per cent not promoted (6.4)	7.89

* Figures in parentheses are State averages

(e) *Census, September 30, 1936*

Enumeration of Resident Children

Number of resident children 5 to 16 in local schools	122
Number 5 to 16 in high schools outside the district	17
Number 5 to 16 in elementary schools outside the district	7
Total number 5 to 16 in some school	146
Number 5 to 8 not in school	13
Number 8 to 14 not in school	2
Number 14 to 16 not in school	1
Total number of children 5 to 16 not in some school	16
Total number of resident children 5 to 16 ..	162

PART VII. REPORT OF SCHOOL HEALTH WORK

By Ruth S. Langille, R. N.

The health of Barnstead school children has been very good as a whole. Last Winter an epidemic of whooping cough was evident, but with no very serious results. A small epidemic of German measles started but amounted to very little. So far this year, the schools have been very free from epidemics.

The correction of physical defects has been very slow. Several children have been fitted to glasses and some tonsil and adenoid operations have been accomplished. A very few

children have been privileged to have dental corrections, but the number has been very small considering the large number suffering from this most common of all physical defects—neglected teeth.

Hot lunches were served in some of the schools during the Winter months where it was most needed. A very small amount of milk paid for by Federal funds was available last Winter. Since the amount was so small, it was all used by the pupils in the Shackford's Corner School. There is none available this year so far.

A child was found suffering from a mental break down and gotten into the State Hospital for observation and treatment. A complete recovery may be expected with prompt and proper treatment.

One pre-school child was taken to the Children's Hospital suffering from a serious asthma condition. This asthma was typed and found to be caused by certain articles in the child's diet to which this particular child is very sensitive. By avoiding these articles in the diet this child can live a very normal life.

A crippled girl of school age was taken to Manchester and fitted to long needed glasses. She was also seen by Dr. Ezra Jones, the Crippled Children's Specialist, who recommended treatment in the Children's Hospital in Boston. The child is now in the Hospital and making good progress toward recovery. She will probably never be really normal but can be expected to be much better.

Following will be found a statistical report of the health work done in the Barnstead schools during the school year just passed:

Visits to schools	90
Visits to homes	123
Total visits	313
Days spent	24.6
Days due	25
Pupils examined	110

Defects found	136
(1.2 per pupil)	
Defects corrected	27
(19% of defects)	
Without defect	46
(41% of pupils)	

BIRTHS REGISTERED IN THE TOWN OF BARNSTEAD, N. H., FOR THE YEAR ENDING DEC. 31, 1936

Date of Birth	Name of Child	No. of Child	Name of Father	Maiden Name of Mother	Occupation of Father
